NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

For the three-month and nine-month periods ended November 30, 2023

1 General information

These unaudited condensed interim financial statements represent the consolidation of the accounts of Velan Inc. (the "Company") and its subsidiaries. The Company is an international manufacturer of industrial valves and is a public company listed on the Toronto Stock Exchange under the symbol "VLN". It was incorporated under the name Velan Engineering Ltd. on December 12, 1952 and continued under the *Canada Business Corporations Act* on February 11, 1977. It changed its name to Velan Inc. on February 20, 1981. Velan Inc. maintains its registered head office at 7007 Cote de Liesse, Montreal, Quebec, Canada, H4T 1G2. The Company's ultimate parent company is Velan Holdings Co. Ltd.

These unaudited condensed interim consolidated financial statements were approved for issue by the Company's Board of Directors on January 11, 2024.

2 Basis of preparation

These unaudited condensed interim consolidated financial statements for the three-month and nine-month periods ended November 30, 2023 have been prepared in accordance with International Financial Reporting Standards ("IFRS") in accordance with International Accounting Standard ("IAS") 34, *Interim Financial Reporting*. These unaudited condensed interim consolidated financial statements have been prepared using the same basis of presentation, accounting policies, and methods of computation as outlined in Note 2, *Summary of significant accounting policies*, in the Company's annual consolidated financial statements for the year ended February 28, 2023, which have also been prepared in accordance with IFRS. Accordingly, these unaudited condensed interim consolidated financial statements should be read in conjunction with the Company's annual consolidated financial statements for the year ended February 28, 2023.

3 New accounting standards and amendments issued but not yet adopted

IAS 1 Presentation of financial statements requires that, for an entity to classify a liability as non-current, the entity must have the right at the reporting date to defer settlement of the liability for at least twelve months after that date.

In January 2020, the Board issued the amendments *Classification of liabilities as current or non-current to IAS 1* (2020 amendments). The 2020 amendments originally had an effective date for reporting periods beginning on or after 1 January 2023. Applying the 2020 amendments, an entity does not have the right to defer settlement of a liability—and thus classifies the liability as current—when the entity would not have complied with covenants based on its circumstances at the reporting date, even if compliance with such covenants were tested only within twelve months after that date.

The amendments issued in October 2022 clarify that covenants of loan arrangements which an entity must comply with only after the reporting date would not affect classification of a liability as current or non-current at the reporting date. However, those covenants that an entity is required to comply with on or before the reporting date would affect classification as current or non-current, even if the covenant is only assessed after the entity's reporting date.

The 2022 amendments introduce additional disclosure requirements. When an entity classifies a liability arising from a loan arrangement as non-current and that liability is subject to the covenants which an entity is required to comply with within twelve months of the reporting date, the entity shall disclose information in the notes that enables users of financial statements to understand the risk that the liability could become repayable within twelve months of the reporting period, including:

- a) the carrying amount of the liability;
- b) information about the covenants;
- c) facts and circumstances, if any, that indicate the entity may have difficulty complying with the covenants. Such facts and circumstances could also include the fact that the entity would not have complied with the covenants based on its circumstances at the end of the reporting period.

The *amendments to IAS 1* are effective for annual reporting periods beginning on or after January 1, 2024 with earlier adoption permitted and should be applied retrospectively. The Company does not expect the amendment to have a significant impact on its consolidated financial statements.

4 Estimates

The preparation of interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these unaudited condensed interim consolidated financial statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual consolidated financial statements for the year ended February 28, 2023.

5 Seasonality

The Company's sales are not subject to seasonality. Quarterly sales can vary based on the timing of revenue recognition on large orders.

6 Inventories

	As at	
	November 30, 2023	February 28, 2023
(thousands)	\$	\$
Raw materials	34,554	36,223
Work in process and finished parts	151,610	128,670
Finished goods	41,131	37,756
	227,295	202,649

As a result of variations in the ageing of its inventories, the Company recognized a net additional inventory provision for the three-month period ended November 30, 2023 of \$2,329 (November 30, 2022 - \$ 3,354). The Company recognized a net additional inventory provision for the nine-month period ended November 30, 2023 of \$5,239 (November 30, 2022 - \$4,453).

7 Long-term debt

	As at	
	November 30, 2023 \$	February 28, 2023 \$
(thousands)		
Revolving credit facility	5,000	-
Canadian subsidiary		
Secured bank loan (\$CAD 19,836; February 28, 2023 - \$CAD 20,906)	14,604	15,181
French subsidiaries		
Unsecured bank loan (€2,242; February 28, 2023 - €3,183)	2,441	3,366
Italian subsidiary		
Unsecured bank loan (€3,232; February 28, 2023 - €4,186)	3,519	4,427
Unsecured state bank loan (€345; February 28, 2023 - €460)	376	487
Other	1,543	6,435
	27,483	29,896
Less: current portion	8,191	8,177
	19,292	21,719

As at November 30, 2023, the Company had drawn down \$5,000 (February 28, 2023 – nil) on the revolving credit facility and had \$10,194 (February 28, 2023 – \$5,148) in the form of outstanding letters of credit and letters of guarantee on a total \$38,360 (February 28, 2023 – \$49,511) borrowing availability. Furthermore, as at November 30, 2023, the Company was in compliance with all of its covenants.

The current revolving credit facility matures in February 2024 and management is actively working on refinancing solutions.

On September 18, 2023, the Company completed the previously announced purchase of the 25% minority stake of Segault S.A.S. for €4,683 (\$5,006). The Company now owns 100% of all of the outstanding equity of Segault S.A.S. The unconditional put option held by the minority shareholder of Segault S.A.S. was previously included in the “Other” section of the above table.

8 Fair value of financial instruments

The fair value hierarchy has the following levels:

- Level 1 – quoted market prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 – unobservable inputs such as inputs for the asset or liability that are not based on observable market data. The level in the fair value hierarchy within which the fair value measurement is categorized in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety.

The fair value of financial assets and financial liabilities on the condensed interim consolidated statements of financial position are as follows:

As at November 30, 2023				
(thousands)	Total \$	Level 1 \$	Level 2 \$	Level 3 \$
Financial position classification and nature				
Assets				
Derivative assets	135	-	135	-
Liabilities				
Derivative liabilities	27	-	27	-

As at February 28, 2023				
(thousands)	Total \$	Level 1 \$	Level 2 \$	Level 3 \$
Financial position classification and nature				
Assets				
Derivative assets	107	-	107	-
Liabilities				
Derivative liabilities	299	-	299	-

Fair value measurements of the Company's derivative assets and liabilities are classified under Level 2 because such measurements are determined using published market prices or estimates based on observable inputs such as interest rates, yield curves, and spot and future exchange rates. The carrying value of the Company's financial instruments is considered to approximate fair value, unless otherwise indicated.

9 Segment reporting

The Company reflects its results under a single reportable operating segment. The geographic distribution of its sales is as follows:

Three-month period ended November 30, 2023
